

## ADVERT – SENIOR LANDSCAPE ARCHITECT

### THE OPPORTUNITY

- Dynamic team environment
- Exciting and diverse projects
- Part time flexible role

*If you are passionate about great design, and enjoy taking concept designs through to project documentation, and thrive in a flexible environment ... this is the role for you!*

This is a role for a part-time Senior Landscape Architect, who will be responsible for the production of project documentation for a variety of different projects, delivering on time and on budget to achieve successful, people-driven outcomes. Whilst based in Brisbane and working alongside our BNE team, you will be part of our Townsville design team – providing resource assistance to our local team to help deliver projects in Townsville and North Qld generally. Options for flexible working arrangements may be considered.

The role will have a diverse approach, requiring occasional travel to Townsville throughout the year to engage with your locally-based team and clients. You will have a focus on landscape design, design development and documentation of working drawings and details using AutoCAD. Coupled with this strong technical capability, you will have excellent communication skills, strong level of self-motivation and commitment to delivering quality detailing and documentation of landscape works. The areas you will work across will include:

- Providing resource support to our Townsville team
- Assistance in preparation of tenders, proposals, and submissions
- Preparation of design drawings in coordination with other disciplines
- Preparation of construction documentation including, but not limited to, working drawings, finishes schedules and specifications, opinions of probable costs, and schedule of rates
- Provide advice to clients and consultants, both internal and external

### Essential Experience / Attributes:

- Tertiary qualification in landscape architecture
- Min. 7 year's industry experience in detail design and documentation of landscape works, including coordination of other disciplines
- Expertise in AutoCAD LT/AutoCAD
- Competence in MS Office, Adobe Creative Suite and Sketchup
- Solid graphic communication skills
- Project management experience
- Attention to detail and delivery of quality documentation
