- Urban renewal and master planning projects
- Strategic investigations and pathway advice to public and private sector clients
- Focused assessment and analysis projects on key planning matters
- Strategic policy, plan making and statutory drafting (particularly for Planning instruments & Priority Development Areas)
- Open space and recreation strategies
- Evidence-based approaches to planning practice, including data analytics

Essential Experience/ Attributes:

- An understanding of current and emerging challenges affecting land use planning, social and environmental sustainability
- Experience in strategic or statutory planning
- Project management and coordination skills
- High level written and verbal communication skills
- Competency in Adobe Creative Suite and GIS is desirable
- Tertiary qualification in planning, design, or a related discipline
- The ability to manage time and deliver work over several projects at any one time
- COVID vaccination certificate
